# NET BACKSTOPS SYSTEMS & BARRIER NETTING SYSTEMS

Keep the ball in play and spectators & property safe with our netting systems!

## WHY NET BACKSTOPS?

- ▶▶ Our netting backstops allow for higher backstops vs traditional chain link backstops. With the capability to go to 50' in height, our backstops keep spectators & property safer.
- ▶▶ Visual appeal: Not only do the towering backstops provide a visually impressive sight, they provide minimal viewing obstruction due to less poles and thin black netting.

## Features of Net Backstops Systems:

- ▶▶ Available in common heights of 20', 30', 40' & 50' backstops available as In-line or tie-back systems. Those heights don't fit your need? No worries. We can custom design and fit to the height you need.
- ▶▶ Steel poles coated in STYRX anti-corrosion paint and steel cables provide the ultimate support for the netting and reduce the number of poles needed.
- ▶▶ Durable and flexible netting material options are available to improve lifespan of the net and hold up to the elements.
- ▶▶ Netting systems provide a long term cost savings while increasing spectator safety and enhancing their experience.
- ▶▶ Systems are designed to handle local wind loads.
- ▶▶ Padded backstop walls are available with graphic options to improve player safety and visual appeal. A backstop wall is essential to maintain the integrity of the net backstop.

## WHY BARRIER NETTING?

- ▶▶ Safety: Standard net barrier systems go as high as 20' to keep spectators & property safer.
- ▶▶ Visual appeal: Compared to chain link, barrier netting minimal viewing obstruction due to less poles and thin black netting.

## Features of Barrier Netting Systems:

- ▶▶ Standard heights of 15' & 20' with custom heights available.
- ▶▶ Steel poles coated STYRX anti-corrosion paint and steel cables provide the ultimate support for the netting and reduce the number of poles needed.
- ▶▶ Barrier Netting can easily be added to a current system to extend for additional fan safety.
- ▶▶ Systems are applicable for soccer, lacrosse, baseball, golf, football, and more. Over kick protection is a common application.
- ▶▶ Durable and flexible netting material options are available to improve lifespan of the net and hold up to the elements.
- ▶▶ Netting systems provide a long term cost savings while increasing spectator safety and enhancing their experience.
- ▶▶ Systems are designed to handle local wind loads.

# FIELDERS CHOICE DUGOUTS

With an industry best 10 year warranty, these prefabricated and pre-engineered dugouts are the right choice.

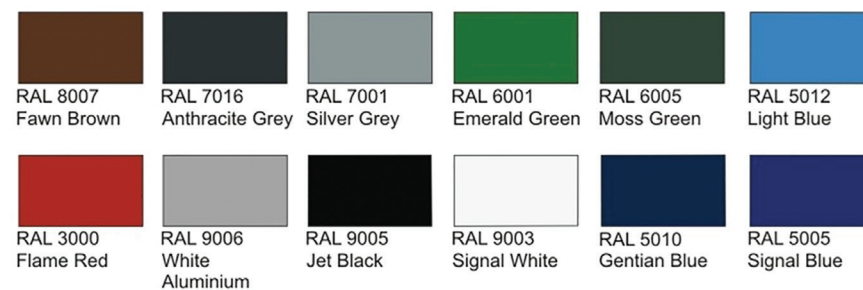

## Features of Fielders Choice Dugout:

- ▶▶ 3X3" steel frame is available in eight powder coated color options or galvanized. Posts are plate mounted and anchored to a thickened edge cement pad pursuant to local building codes.
- ▶▶ 24 gauge metal roof is dent resistant & heavy load bearing as compared to most competitive systems 26 or 29 gauge metal roofs. Available in many color & trim options.
- ▶▶ Standard size options include 20', 30', & 40' length and 8' or 10' depths
- ▶▶ 10 year material warranty and 40 year finish and hard-ware warranty.
- ▶▶ Easy assembly with limited personnel. All parts are marked for assembly and comes with simple to follow step by step instruction

## Unlimited Sports Solutions offers these great products to outfit your Fielders Choice Dugouts:

- ▶▶ Benches
- ▶▶ Dugout enclosure kits
- ▶▶ Windscreen
- ▶▶ Helmet/Equipment Cubbies
- ▶▶ Bat Racks
- ▶▶ J Band Loop Post Attachments

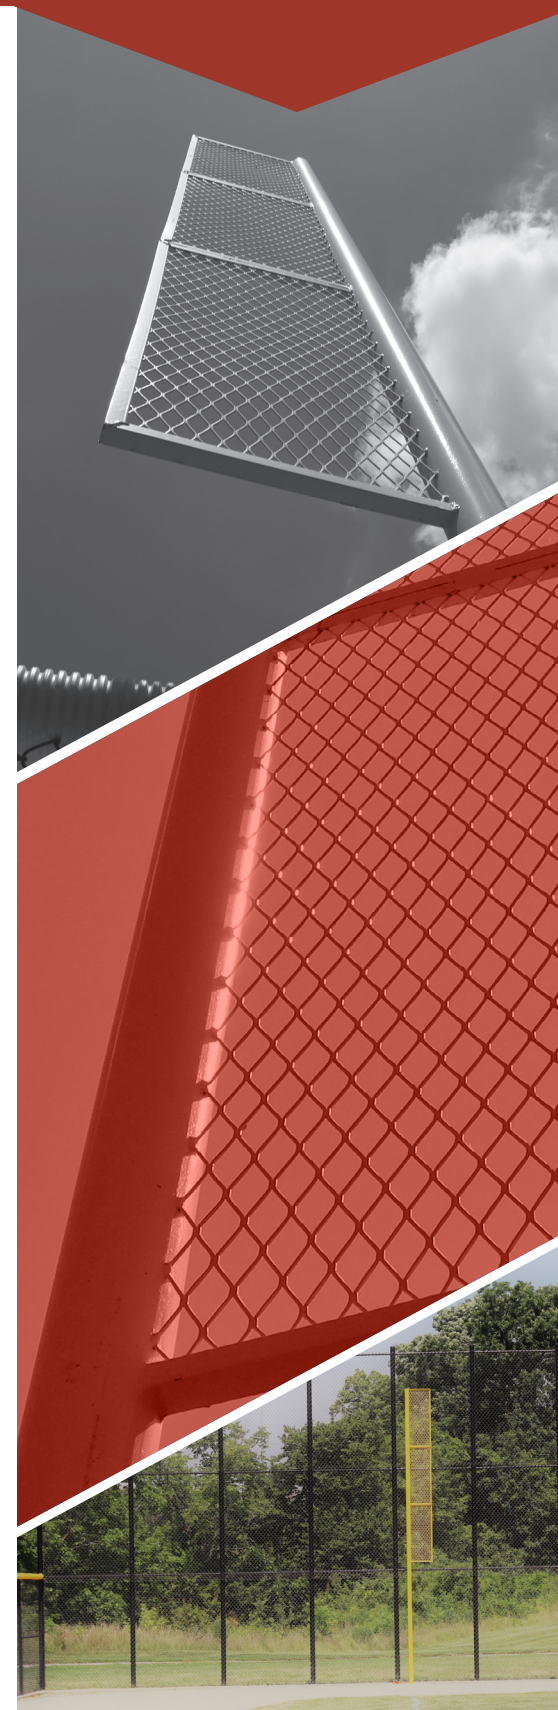

## Power Coated Steel Frame Options

*\* Additional color options may be available. Actual color may vary.*

# FOUL POLES

Regardless of the ballfield or budget size, Unlimited Sports Solutions has the foul pole solution for you!

## WHY UNLIMITED SPORTS SOLUTIONS FOUL POLES?

- ▶▶ Brightly Powder Coated in your choice of white, yellow, or orange to leave no debate whether a batted ball is a homerun or foul ball
- ▶▶ Pre-engineered for durability to withstand the elements
- ▶▶ Multiple choices of size and installation type with the option to equip with a visibility wing. Custom size options available

## PRO Foul Poles

- ▶▶ 4" Aluminum Pipe available in standard 20', 30', & 40' above ground height. Custom heights available!
- ▶▶ Standard powder coat options; yellow (baseball), white (softball), or orange (either) to optimize visibility.
- ▶▶ Visibility Wings available for each height with standard height starting at 8'
- ▶▶ Mounting options: ground sleeve or mounting plate

## CLASSIC Foul Poles

- ▶▶ Steel poles available in standard 15', 20', & 30' above ground height. Custom heights available!
- ▶▶ Standard powder coat options; yellow (baseball), white (softball), or orange (either) to optimize visibility.
- ▶▶ Visibility Wings available for each height with standard height starting at 8'
- ▶▶ Mounting options: ground sleeve or mounting plate

# BATTING CAGES & HITTING STATIONS

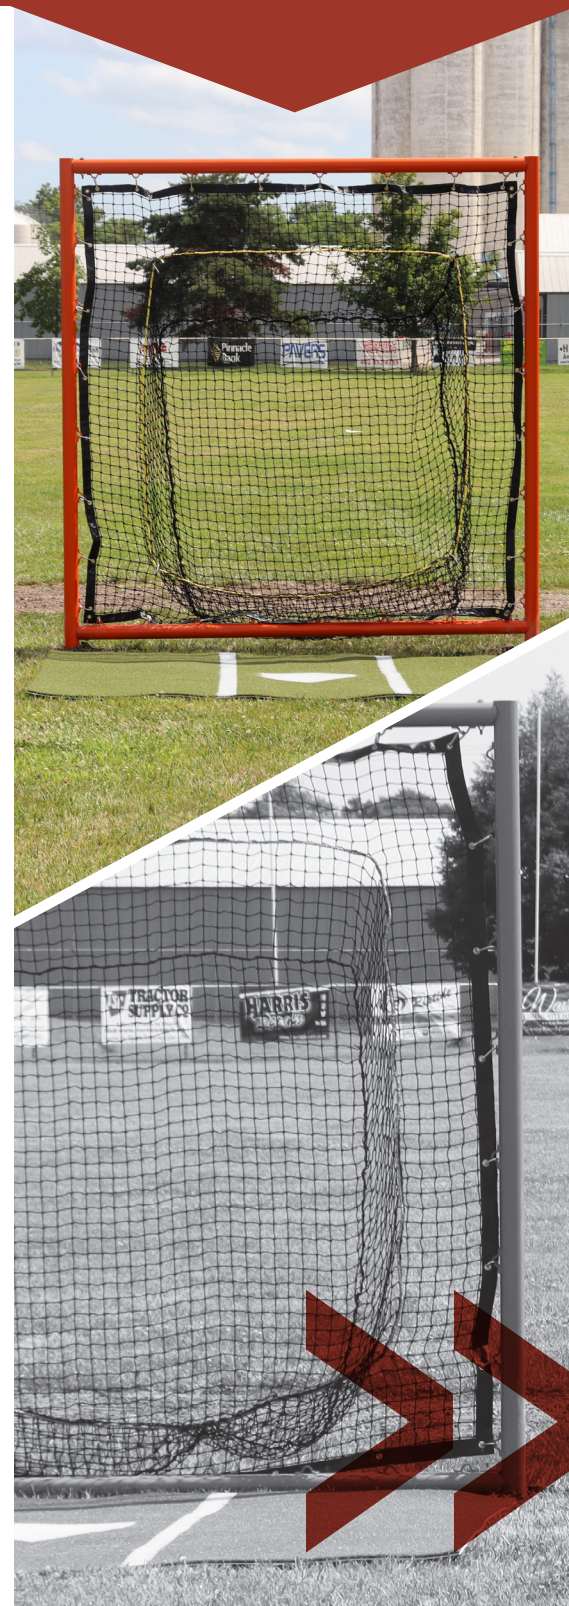

You don't have to sacrifice quality and durability regardless of your budget size or space limitations. The experts at Unlimited Sports Solutions have warm-up and training solutions for your venue.

## HACK SHACK BATTING CAGES

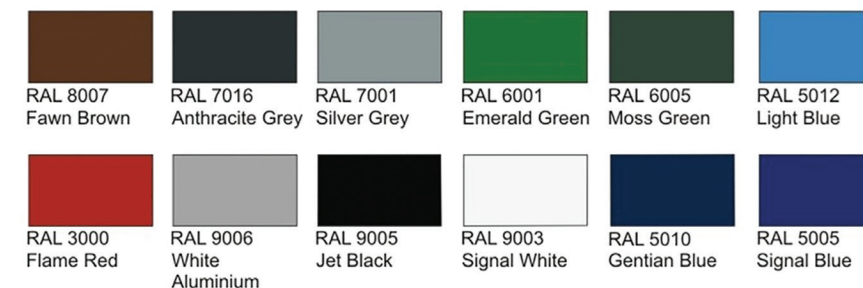

Our batting cages use top of the line cable and netting material to provide you with a low maintenance location for players of any age to get their HACKS in for years to come.

- ▶▶ 8" Steel posts coated in STYRX anti-corrosion paint. STRYX is so durable that it is used on the Alaskan Pipeline.
- ▶▶ Steel tension cable with a mid cable provide the ultimate support to minimize sag.
- ▶▶ Nets are #36 solution dyed with overlapping entry flap for convenient entry & safe containment.
- ▶▶ Hack Shacks can be placed side by side or end to end by sharing poles. A multiple unit cage saves you money per cage because it reduces material costs and labor.
- ▶▶ Custom size and Indoor cages are available.
- ▶▶ Warranty- 5 year warranty on the entire system
- ▶▶ Discounted Batting Cage Accessories are available with each cage purchase
  - ✘ Hitting Mats
  - ✘ Batting Cage Turf Kit
  - ✘ Vinyl Batting Cage Net Protector
  - ✘ L Screens

**Get your hacks in at the Hack Shack!**

## Power Coated Steel Frame Options

*\* Additional color options may be available. Actual color may vary.*

## SWEET SPOT HITTING STATIONS

Don't have the room for a batting cage? Want to add a multipurpose warm-up and training tool to complement a batting cage? Does your venue host tournaments and need to designate warm-up space? Do you desire additional area to increase practice reps? The SWEET SPOT Hitting Station accomplishes all of these things!

- ▶▶ 8'x8' easily assembled powder coated steel frame provides a durable clean appearance. Frame posts have a 3' extension for simple anchoring into the ground. Plate mounting option available for installation on an existing cement pad.
- ▶▶ Heavy duty #60 Baseball netting with a 5'x5' centered containment sock (Sweet Spot) for a target zone. Net is hemmed and affixed with grommets for additional durability and ease of attachment to the frame. Net can also easily be removed during the off season to be placed in storage to increase the life of the net.
- ▶▶ Stations can be strategically placed to designate warm-up areas for busy complexes.
- ▶▶ Can add multiple stations in the same area.
- ▶▶ These stations have multi-purpose use:

The yellow outlined Sweet Spot (containment sock) can serve as a pitching warm-up & training tool.

If stations are strategically placed, they can serve as a bull-pen backstop and provide an additional safety barrier for any fans seated along the baselines.

*Discounted Hitting Mats are available with each station purchase.*

# BENCHES & BLEACHERS

We can help you outfit any venue with a variety of player and spectator seating.

## DUGOUT BENCHES

These benches provide plenty of options on sizes and features to compliment our Fielders Choice Dugouts. Player Benches are made of anodized aluminum planks (2"x10") equipped with backrests. Dugout benches are Player Benches equipped with a rear single or double plank shelf. Shelves help optimize organization of the dug-out and remove tripping hazards by giving players an area to store extra equipment, bags, clothing, water bottles, etc. Benches are available in many standard and custom option lengths.

## BLEACHERS

Bleacher options include code compliant 3, 4, & 5 Row Bleachers with 2"x12" Mill Plank Footboards, 2"x12" Anodized Plank Seats.

3 and 4 row bleachers have a Rise and Run of 6"x24". We have standard length sizes of 12', 15', 21', 27'. Custom sizing is available too. All units are available with a Tip n' Roll option.

For information on bleachers 5 row and higher, please contact us for additional information.

## PARK BENCHES

We can help outfit your venue with additional seating along the baselines, outfield fences, and shaded areas. Player benches and our line of Natural Benches (steel frame and wood planks) can be placed as portable, semi-mounted, or permanently mounted throughout your venue. Scores Table Benches can be placed directly behind or near the backstop to provide a central location for easy access by both dugouts and the umpire.

# SAFETY PRODUCTS & ACCESSORIES:

Screens (L and Infield) | Hitting Mats | Backstop, Wall, and Pole Padding | Fence Cap

## SCREENS

We pride ourselves on helping our customers keep players safe and our line of screens do just that. Made with heavy duty galvanized steel and #36 baseball netting, our screens are built to last. For additional safety, optional frame padding is available. Screens are available in L, Softball, and Square Infield.

## PADDING – BACKSTOP, WALL, & POLE

Our line of high quality outdoor and indoor athletic padding is designed for maximum impact resistance and safety.

- ▶▶ Constructed with high impact foam.
- ▶▶ Encased in heavy-duty 18.5 oz. vinyl.
- ▶▶ Mold, UV, and Fire resistant.

## FENCE CAP

Increase visibility, improve player safety, and eye appeal to any field with our options of fence cap. Fence Cap is a low cost and easy to install solution to cover top of chain link fence.

## HITTING MATS

Field Green 5mm thick TXT Nylon Turf and heavy duty polyurethane backing Hitting Mats will hold up to high usage. 8'x6' or 10'x6' mats with home plate and boxes can be used indoor or outdoor. Great complement to Hack Shack Batting Cages or Sweet Spot Hitting Stations.

# WINDSCREENS

Set your venue apart from others by providing some relief

from the elements for players and spectators and highlighting your brand with high quality windscreen!

Our high-quality windscreens and privacy screens are designed to endure the elements and built to last. We have the solution for any application: Construction Sites, Athletics Facilities, Industrial complexes or any fence that you need covered. Our screens come in a variety of colors and heights with custom sizes manufactured to fit whatever job you may have. We take pride in our quality and will custom build your windscreen/privacy screen with the following.

- ▶▶ Strong & durable reinforced hems.
- ▶▶ Bonded UV protected thread.
- ▶▶ Grommets spaced at 12" with 3 per corner to keep it on your fence.
- ▶▶ 5 levels of Wind and Privacy Screen provide price and graphic design options for any budget.
- ▶▶ Graphic design options provide a venue an opportunity to pro-mote their brand or sell value high visible advertising space.

# SERVICES

The experts at Unlimited Sports Solutions are ready to help you provide the best player and spectator experience by supporting your project from the onset of the planning stage all the way to the "PLAY BALL" stage!

## INSTALLATION CONSULTING

Each of our products come with detailed installation instructions but it doesn't end there. Our installation experts are available to assist with installation questions via phone or Facetime on every sale. We understand time is money so for large or complicated projects, we have an **Installation Support Service**. With this service, one of our Installation Pros will travel on-site to assist with getting the installation process started correctly for a service fee. Our Pros will be hands on in getting your installation team trained for maximum efficiency with a desired goal to reduce installation labor time.

*Decreased labor cost > Installation Support Service Fee = Lower Project Cost!*

## DIGGING DEEPER INSTALLATION NETWORK

Many of our products can be installed with limited tools and construction experience. If you aren't a construction specialist or your project requires an expert's touch, the **Digging Deeper Installation Network** is your solution. This Network is made up of contractors and installers throughout the USA who are certified in installation of our products. If you are interested in working with a certified installer in your area or becoming a certified installer, contact us.

## GRAPHIC DESIGN AND ADVERTISING CONSULTING

Our team can help you provide that **WOW factor** for your venue guests with top of line branding and graphics. We can also assist you with identifying advertising opportunities utilizing the space on our products to bring in more money for you! Windscreen, backstop padding, foul poles, benches, & dugout enclosures are some of the branding and advertising possibilities of our products.

## FIELD DESIGN CONSULTING

With our large selection of standard and custom products, we can assist you with product fit and layout. Contact us for assistance in identifying the right products to enhance the player and spectator experience at your venue with an emphasis on keeping them safe.
